

Welcome to Old Sugar Distillery, and thank you for choosing to purchase locally crafted products. Over the last 8 years, we have released five mainstay spirits and quite a few extra-small batch products. Our spirits have received excellent reviews from professional tasters, and we hope that you enjoy them as well.

Our cocktails are made solely from our own spirits, all of which are made from scratch right here on Main Street.

We advertise a free taste and tour, so please let us know if you'd like a small sample of one of our spirits by itself, or if you'd like us to talk about how the products are made. Sit anywhere you like, but please order and pick up your cocktails from the bar.

Also, keep us in mind for your next event. You may work with a caterer of your choice or bring your own snacks- we supply the drinks. It's an affordable way to throw a world-class party.

Cheers!

## THE MAINSTAYS

---

### **Cane & Abe Small-Barrel Rum**

Cane & Abe is an unsweetened golden Rum made from domestic dark brown Sugar. It ages in a blend of new and used heavy-char small American White Oak barrels, making it smooth, rich and flavorful. Named for Old Abe, the legendary bald eagle of Wisconsin lore.

**80 Proof**

### **Queen Jennie Sorghum Whiskey**

Queen Jennie is made from 100% Wisconsin Sorghum and aged in charred midwestern American White Oak barrels. It is fantastically smooth, less sour than a Bourbon and less harsh than a Rye. It recently won an ADI Silver Medal. Named for Madison's own "Queen of the Bootleggers".

**80 Proof**

### **Brandy Station**

Brandy Station is our traditional European-style Brandy made from local Grapes grown just 15 miles south of Madison. It is aged first in medium-toast White Oak barrels and then in used charred Rum barrels, providing hints of Vanilla and Caramel.

**80 Proof**

### **Old Sugar Factory Honey Liqueur**

This lightly sweetened liqueur is distilled from midwestern-grown dark brown Beet Sugar, aged in charred White Oak barrels, and sweetened with pure Wisconsin Honey from Mount Horeb. It is strong and dry for a liqueur, but still smooth and tasty. For maximum flavor it is not finely filtered, but left with some tasty Pollen particles in the bottle. Named for the factory that still stands behind Olbrich Gardens, originally a Beet Sugar factory.

**80 Proof**

### **Americanaki Ouzo**

Americanaki Ouzo has the classic Licorice-like flavor characteristic of Ouzo, Sambuca, Pastis, Anisett, Raki.. the list goes on. Twice distilled and twice infused with Star Anise, this Ouzo is as smooth as they come. It is less pungent than most Ouzos, allowing us to sweeten it less. Opa!

**90 Proof**

### **Pomeroy Apple Brandies**

Big distilleries don't do crazy projects like this- not one, but FIVE different varieties of Apple Brandy; Cortland, Jonathan, Macoun, McIntosh and a blend. We aged the spirits in new charred Oak barrels giving them an intense, almost Whiskey-like character.

**80 Proof**

### **Marc Brandy**

Marc Brandy is another term for aged Grappa. Smooth, sweet, earthy and flavorful, we drink neat or over a single ice cube.

**80 Proof**

### **Mitchell Concord Liqueur**

Distilled from local Grapes and midwestern Beet Sugar. It's aged in toasted barrels and lightly sweetened with Concord juice.

**70 Proof**

### **Harvest Liqueur**
